THE GALLERY EDIT COLLECTION

Artistry Technique

INSPIRATION

The Gallery Edit Collection is like an immersive gallery experience, walking through an art exhibit and encountering the dynamic and unique beauty in the details of each work of art. This experience inspired the Gallery Edit collection of products, each style is a tribute to a different art technique or period, from the soft, layered textures of Impressionism to the vibrant lines of Modernism.

Artistry emulates dramatic brushstrokes. The use of contrasting yarns provides a deep textural visual. Available in 18" x 36" tile. **Technique** mimics the fragmented depth and unique textural effects created with a palette knife. Beautiful, deconstructed shapes overlap to create an etched effect. Available in 18" x 36" tile. **Curate** utilizes stippling and dabbing effects to create a beautifully textured product. Available in 24" x 24" tile. **Composition** emulates a dry brush technique that creates the look of a soft, textured finish. Available in 24" x 24" tile.

Artistry and Technique are available in 14 warm and cool neutrals with some soft earth tone accents.

Curate and Composition are available in 14 neutral colors, ranging from a high contrast black and white, to a light and soft combination of cream and silver. (These two styles can be found in a separate portfolio titled Curate/Composition)

The Gallery Edit Collection offers a sophisticated color palette and design that will enhance any commercial space.

FIBER

Encore® SD Ultima® Nylon

(with recycled content) is specifically engineered to maximize appearance retention with exceptional color, performance, sustainability, and practicality.

FIBER OPTION

Encore® 100

The high recycled content incorporated into Encore 100 nylon provides a reduced environmental impact without compromising quality or color clarity.

- » 100% post-industrial (pre-consumer) recycled content
- » Full inclusion into the J&J Flooring Reclamation Program
- » Lifetime warranty for stain removal, colorfastness, wear and static
- » See sales rep for for availability and price

MOISTURE

Are high levels of moisture in your concrete slab causing issues with your project’s floor covering? We can help.

- » Nexus® Modular Carpet with TileTabs – 99% RH
- » Cost-efficient
- » Long-term performance
- » Straightforward, easy-to-understand warranty
- » Requires no special floor preparation

STANDARD BACKING

Nexus® Modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- » Manufactured in an ISO 14001 certified facility
- » Contains pre-consumer recycled content and contributes to LEED and other sustainable building standards
- » Eligible for landfill diversion through the J+J Flooring Reclamation Program

OPTIONAL BACKING:

Advance Modular Carpet Backing™ is engineered to provide outstanding performance, protection and stability that is required of modular carpet systems.

- » PVC-Free
- » Contains recycled content and contributes to LEED
- » Eligible for landfill diversion through the J+J Flooring Reclamation Program

OTHER BACKING OPTIONS:

Nexus® Cushion
Nexus® FC Cushion

TECHNOLOGIES

ProTex® Anti-Soil Treatment

ProTex is a proprietary anti-soil treatment technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all J+J Flooring products.

OPTIONAL:

ProSept® Antimicrobial
Sentir® Advanced Odor-Blocking Technology

ADHESIVE

Commercialon® Premium Modular Adhesive

A high strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the life of the installation when used in accordance with the J+J Flooring Carpet Installation Handbook. Commercialon Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria, CRI ID# PSA-425402. Commercialon Premium Modular Adhesive is non toxic, has ultra-low odor and is antimicrobial in the dry state.

OPTIONAL:

TileTabs - High Tack Adhesive Tabs (modular only)

©2024 J+J Flooring Group, LLC - This unique design is protected under the U.S. Copyright Act of 1976. Any unauthorized copying or duplication of this design constitutes copyright infringement in violation of federal law. Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
