INTO THE WOODS COLLECTION

Recharge Retreat

INSPIRATION

The essence of the Scandinavian lifestyle embraces what brings joy and balance to life. That design philosophy is captured with our LVT collection, Into the Woods, featuring two styles that perfectly balance color with clean, organic elements and purposeful design. The soothing greys, neutrals and sepia hues of **Recharge** create a welcoming, peaceful space with a minimalist vibe. The natural wood grain patterns are more discernible in **Retreat**, with beautiful birch, pine and ash revealing light and darker warm hues. Into the Woods offers 12 soft, organic colorways in both Recharge and Retreat that will bring an understated elegance to commercial spaces.

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation.

These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting, and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not J+J Flooring's responsibility.
